

RUSH TO GAIN INDIAN LANDS

Thousands in the Mad Stampede at Guthrie and El Reno.

FOOD GETTING LOW

Officials Estimate That 100,000 People Will Take Title to Farm Lands

THOUSANDS IN LINE

Guthrie, Ok., July 12.—The rush at El Reno the second day has been even greater than the first. Incoming passenger trains come in six or eight sections with passengers filling coaches, baggage cars, platforms and steps and many get on the roof. The day was insufferably hot and there were dozens of prostrations from the heat. Nine registering booths were going all day, one being for women alone, and 5,000 people were registered and yet the lines grew longer instead of shorter. Today hundreds are leaving El Reno to drive on to Fort Sill, where the crowd is not so large, and it is comparatively easy to register, although no food or shelter can be secured there and all must be prepared to camp out.

At each registering place at El Reno the lines have been organized by electing a captain for every twenty-five in line and the captain holds the places for his company while they go to sleep or eat or seek refuge from the sun. The captain in the line at one booth represents nine different states. Great care is being exercised in the use of water and there is still a fair supply, but no ice could be had today at any price, and many kinds of provisions are getting low. It is believed that the crowd will be even greater tomorrow than it was today.

Thousands Still in Line
El Reno, Ok., July 12.—The crowd of applicants to register for claims in the Kiowa, Comanche, Apache and Wichita lands now numbers about 15,000. Each train brings in hundreds, but the same train also takes away an equal number who have secured their certificates. They are now registering about 5,000 a day. At this rate about 80,000 may be registered in the sixteen days allotted for that purpose. The Lawton land office is registering about 2,000 a day. There is no suffering here. People sleep in the street only because they choose to. Cots enough for all may be obtained at 25 cents each and fairly good meals at the same price. There is plenty of water but the ice supply is short and bread is being shipped here from Kansas City.

USE INDIAN WEDDING RITES

Unique Ceremony at Mirror Lake Unites Young Redskins
Baraboo, Wis., July 12.—There was a unique wedding in the Winnebago Indian camp near Mirror lake yesterday. Two young people of the tribe were married according to the Indian ceremony, a large number of Indians from all parts of the state being present. The event was especially interesting because all of the guests wore their native costumes, while the bride was attired in a broadcloth tailor made suit and the groom wore black and patent leather shoes.

Bids for the building of the city hall will be opened on July 20 and for the public library July 22. After the contracts are let the work will be pushed along as fast as possible in order that the buildings may be well under way before the cold weather sets in.

TRAGEDY WIPES OUT QUAIN TIRIO; THE SAD FATE OF THREE SPINSTERS

Two Sisters Expire, and Grief Drives the Third Into a Chicago Insane Asylum.

Chicago, July 12.—A story of a family of three sisters wiped out within a week came to notice yesterday when the only one of the women whom death has spared was committed to the Dunning Asylum, there to muse and count the days before the two who have moved away, as she believes, shall return to Chicago. The women, all spinsters, lived as recluses at 555 Fulton street. Blighted affections, the neighbors whispered, but the women kept their own council and said nothing of the past except that they had lived in Peoria up to three years ago. On last Thursday Miss Lizzie Stanton, 41 years old, the youngest of the trio died of pneumonia. On Sunday Miss Maggie Stanton, 43 years old, succumbed to the same malady in the Presbyterian hospital. Miss Sarah Stanton, the oldest, aged 47, was spared her life but she had been robbed of all that she had to love and her reason became part of the plunder. As she sat in the insanity court yesterday the woman brushed back two curls from her ears and smiled placidly. Clad in a gown of faded lavender silk and fanning herself with a hand painted fan of ancient pattern, the woman was more the

FREIGHT WAR HAS BEEN AVERTED

Agents of Western Roads Meet and Agree to Restore Rates on July 15.

Chicago, July 12.—All the railroads from Chicago to the Missouri river will restore their freight rates to the normal basis next Monday and strictly maintain these rates afterward, and the Santa Fe has withdrawn the formal notice it gave last Friday to the Western Freight association that it would put into effect on July 15 greatly reduced rates on all classes of freight. The threatened freight war was averted by a meeting here yesterday of the executive officers of all the roads from Chicago to the Missouri river, excepting the Great Western. It was not represented at the meeting and is not a party to the agreement to restore rates and maintain them. How successful a traffic agreement of its competitors without its co-operation remains to be seen. It has been accused of being mainly responsible for the rate disturbances in the West during the last two months but denies the charge.

NEW SENATOR FOR SOUTH DAKOTA

Governor Appoints Alfred B. Kittredge to Vacancy Caused by Death of James H. Kyle.

Pierre, S. D., July 12.—Governor Herried has announced the appointment of Alfred B. Kittredge of Sioux Falls to the vacancy in the United States senatorship from this state caused by the death of Senator Jas. H. Kyle. Mr. Kittredge has long been prominent in state politics and as an attorney, and the appointment will be generally satisfactory over the state. The term will expire on March 4, 1903.

Alfred B. Kittredge is a native of New Hampshire, having been born in Cheshire county on March 28, 1861. His early education was obtained in the public schools, and when 17 years of age he entered Yale University. He was graduated from that institution in 1882 and at once commenced the study of law at the office of Judge Veasey at Rutland, Vt. In 1884 he entered the Yale law school and was graduated in 1885, being admitted to the bar by the supreme court of Connecticut in June of the same year.

He removed to Sioux Falls, S. D., in 1885 and entered into a partnership with C. H. Winsor, one of the leading attorneys of that place. Mr. Kittredge early manifested an interest in state politics, and for a long time he was ex-Senator R. F. Pettigrew's trusted lieutenant. In 1896 the two parted on the money question. Mr. Kittredge was the Republican National Committeeman from South Dakota in 1892 and in 1896. He is not married. He is the Sioux Falls attorney of the Great Northern and Chicago, Milwaukee & St. Paul railroad companies and has a large and lucrative practice.

GOV. LA FOLLETTE IS BETTER TODAY

Madison, July 12.—[Special.]—Governor LaFollette is better today and his physician Dr. Phil Fox says that the danger of a serious illness has passed. The governor will probably be out inside of two weeks. Madison's new system of sewage disposal by the septic process was put in operation today. City Engineer Turneaure thinks its success is assured.

Mrs. Ward Williams and daughter Louise were in the city this morning on their way to Edgerton where they will be the guests of Mrs. Henry S. Sloan.

Thomas S. Nolan left this morning for Madison on legal business.

PYTHIANS TO PAY \$500,000 LOSS BY HIGHER DEATH BENEFIT RATE

Increase Will Take Effect Next October to Make Good the Big Deficit—Hinsey Fails to Make a Complete Statement.

Chicago, July 12.—Twenty thousand members of the Endowment Rank of the Knights of Pythias, or almost one-third of the entire present membership are expected to give up their policies and abandon their insurance, as the result of drastic reform measures adopted by the supreme lodge of the order at the close of its convention in this city last evening.

The reforms have put the Endowment Rank on a more substantial financial basis than it has ever had before by raising the rates of the monthly payments for insurance an average of 53 per cent. The rates proposed as desirable by the national fraternal congress last summer have been met at every point, and they will place the income of the rank far beyond the death losses.

The leading officials of the endowment rank express their personal opinions unanimously that the increases would drive a big percentage of the policy holders away. The lowest estimate of the probable forfeitures was 10,000, and the figures predicted ranged from that point to 25,000, out of a total membership of 69,311 enrolled June 30. CROP SITUATION IS VERY CRITICAL

In Every Section of the Northwest Small Grain Shows Effect of the Drouth.

St. Paul, Minn., July 12.—The Northwest crop situation is critical. Walter Thexton of the John Minter Grain company has been making a careful estimate of the conditions. During the past three days he has received reports from 200 grain men scattered all over the three states. To these reports are added those of traveling grain men, who have given much time to the personal inspection of the crop. In every section of the Northwest the wheat fields show a rank growth of straw, there is danger from rust, also from lodging unless the weather is decidedly favorable from now on.

Southern Minnesota wheat prospects are not above the average. This section also complains of weeds and chinch bugs in the flax crop, which is below the average.

The worst spot in the wheat fields of northern Minnesota is in the Red River valley counties, where surface water on the lowlands has caused great damage. The crop there is so seriously injured that reports indicate less than half of the average yield.

PASTOR ADVISES PRAYER FOR RAIN

Missouri Preacher Wants Governor to Issue Proclamation for People to Plead for End of Drought.

Macon, Mo., July 12.—The Rev. George W. Sharp of Kirksville, Mo., has suggested to Governor Dockery that he proclaim a day of prayer for rain. For nearly a month the thermometer in Missouri has ranged from 100 to 108 degrees, and practically no rain has fallen. Mr. Sharp recalls the fact that in 1875, when the state was infested with a plague of grasshoppers, the insects disappeared after Governor Hardin proclaimed a day of prayer for their deliverance. Mr. Sharp believes that Governor Dockery will adopt his suggestion.

ESTIMATES LOSS TO WISCONSIN CROPS

Secretary True of the State Board of Agriculture, Says It is Over 15 Per Cent.

Madison, Wis., July 12.—Secretary J. N. True of the state board of agriculture estimates the loss to Wisconsin crops by drought since July 1 at 15 per cent, and regards this as a conservative figure. His judgment is based on letters he has received during the last two or three days from the counties most affected.

The three southern tiers of counties are the only ones which are especially suffering from the dry weather. Mr. True says, but these include the richest agricultural portion of the state. The heaviest loss is in oats and corn, and the hot weather of the past three days has shrunk these crops from 25 to 50 per cent in these counties.

This entails a loss hard to estimate but larger than would be generally believed. Sixty per cent of the tobacco crop of the state lies in the arid region, and it is all in bad shape. Much of the first crop has been replaced and most of the new plants have been killed by the dry weather.

Poor Crop Outlook at Stoughton
Stoughton, Wis., July 12.—The outlook for any kind of a marketable crop in this section of the country is anything but good, the long drought coupled with the intense heat has made the ground like powder and burned up every kind of vegetation. The pastures present the appearance of never having had a blade of green grass upon them and the farmers are all feeding their stock.

MILWAUKEE ROAD INVADES MONTANA

This Progressive Line Will Extend Its Line Independently of the Recent Combine.

Helena, Mont., July 12.—That the Chicago, Milwaukee & St. Paul railway is going to make an effort to break into Montana territory and thus secure northern business, independently of the Northern Pacific, Great Northern and Burlington combine at St. Paul, has become evident.

A party of surveyors of that company, headed by Mr. Hume, chief engineer, is now at Miles City, headed westward on a survey of a proposed extension of the Milwaukee's line that now terminates at Everts, S. D. Between Everts and Miles City not a grade to exceed 1 per cent was encountered and not a cut will have to be made in the construction of the line.

The engineers are working under secret orders, but the information has leaked out that the party is headed for the Mussel Shell country, sixty miles north of Billings.

WHEAT AND CORN TAKE A JUMP UP

Excitement in All the Grain Markets Today, with a Big Advance in Prices.

Chicago, July 12.—Excitement prevailed in all of the grain markets with big advances in prices this morning. Wheat was up 1½¢ and corn 1½¢ over last night's closing while in New York similar advances are noted. The absence of rain in the leading corn states has brought fresh buying from every quarter.

GENERAL STORE AT JOHNSTOWN BURNS

Lou Sherman's Place Was Destroyed by Fire About Midnight Last Night—Loss About \$3,000.

Lou Sherman's general store at Johnstown was totally destroyed by fire last night shortly after midnight. Mr. Sherman and his family reside across the street but were away from home at the time of the fire. The building and contents were entirely destroyed, men being afraid to venture into the burning building even after the fire was discovered, on account of the quantities of gasoline and kerosene kept in stock. Mr. Sherman carried a stock of goods representing about \$3,000. The loss on both building and insurance was covered by insurance.

Particulars of the fire could not be obtained by telephone as the only instrument in the town was destroyed in the fire. The building was owned by Peterson & Gage. The loss was about \$3,800. Insurance \$3,000.

MRS. H. B. BROWN IS DEAD.

Wife of Supreme Court Justice Expires in Italy.
Detroit, July 12.—General H. M. Duffield received a cablegram this morning from Justice H. B. Brown of the federal supreme court announcing the death of Mrs. Brown in Italy. The cablegram was dated Riva.

Mrs. Brown had been an invalid for some years, and the justice sailed for Europe very soon after the decision in the insular cases was handed down. In addition to her husband, a cousin, Mrs. Tyler, widow of Lieut. Commander Tyler of the navy, was with Mrs. Brown at the time of her death.

Caroline Pitts was Mrs. Brown's maiden name, and she was a daughter of Samuel Pitts, well known in Detroit. Her age was 56, and she is survived by a brother and three sisters—Thomas Pitts and Mrs. H. M. Duffield of this city, Mrs. Thomas Cranage of Bay City and Mrs. Daniel Goodwin of Chicago.

General National Guard Order
Madison, Wis., July 12.—The general orders for the annual encampment of the Wisconsin National Guard at Camp Douglas from Aug. 3 to 24 were issued by Adjutant General Boardman today. The second regiment goes into camp first, arriving there Aug. 3 and remaining seven days. The first regiment, Troop A and Battery A will follow for a like period and the third regiment and Tenth separate battalion will occupy the camp the last seven days.

URBAN POPULATION SHOWS GAIN; PEOPLE FLOCKING TO THE CITIES

Over 37 Per Cent of the Entire Population Live in Cities and Towns of Over 4,000.

Washington, D. C., July 12.—The census office issued a bulletin today concerning the urban population of the country. It shows that 28,411,698 people in the United States live in cities and towns of over 4,000 population. This is 37.3 per cent of the entire population, a gain of almost 5 per cent since the census of 1890, when the percentage was 32.9.

Compared with the returns of 1880 the report shows a gain in the urban population of the country of more than a third in the percentage and of considerably more than double in actual numbers. There were in 1880, 580 places of

UNFITS GIRLS FOR WIFEHOOD

Higher Education is Held To Be Harmful to Women.

AN IDEAL SCHOOL

Girls To Be Taught What is Needed To Make a Home.

TO SEPARATE SEXES

Detroit, July 12.—Higher education for women as it is now understood, or coeducation, will not be a feature of G. Stanley Hall's ideal school, which the president of Clark university wishes to establish if he can find a millionaire willing to help him. His theory regarding the training of girls for wifehood and motherhood rather than for intellectual pursuits caused a storm of disapproval among western educators today.

The Ideal School
"It is the physical, not the intellectual woman, who is the leader of the world," maintained Dr. Hall. "There are some species of animals, the distinctive features of which are that the females grow and the males deteriorate. Might not this be so among human beings if our girls are not trained for wifehood and motherhood?"

President Hall's address on "The Ideal School" was the feature of the day at the teachers' convention after the election of officers and the passage of a resolution favoring the establishment of a national university. The superintendents deserted their own meeting at which they were to talk about free text books, in order to listen to the learned eastern college president. At the close of the address they assailed Dr. Hall with so many questions and criticisms him so vehemently that he fled to his hotel.

Equipped for Motherhood
Beginning with kindergartens, Dr. Hall said each child ought to be studied. The period for the little tots should be one of idleness and reverie, and the budding thought should not be forced lest the brain suffer. The child was to be studied in all the little things set to, not as tasks, but as diversions. The children of the poor were to be indulged and those of the rich taught to curb their desires. At the age of seven the child should be told stories and given an education in clay.

"That girls should be equipped for wifehood and motherhood," he said. "It has been argued that a woman is better able to care for herself if she is intellectually man's equal. I hold that a woman trained for wifehood or motherhood, and who does not marry, is better equipped for life than the intellectual woman. Higher education spoiled women for wifehood and motherhood."

Colonel Parker Objects

Colonel F. W. Parker combated Dr. Hall's statement regarding the higher education of women. "Perhaps your ideal school will come one day," he continued, "but, thank heaven, I shall be dead and gone. Girls do not spoil because they are made the equals of boys in intellectual pursuits. They become better women, better wives and better mothers. They are not hurt physically by straining to acquire knowledge and to keep in the race with boys." "Woman has a broader sympathy with the human race," said Dr. Hall. "She ought not to be disturbed in this or taken away from this by intellectual pursuits. The world needs the physical woman."

The Officers Elected

At the business session of the National Educational Association, William Beardshear, president of the Iowa State College of Agriculture and Mechanic Arts, was elected president unanimously, and, according to the programme of the nominating committee, Charles H. Keyes, superintendent of schools, south district, Hartford, Conn., was elected treasurer. Irwin Shepard of Winona, Minn., is the perpetual secretary. Ten vice presidents were elected and vacancies filled in the board of directors.

James Gibson, traveling passenger agent for the Northwestern, was in the city this morning on business.

The Ladies Aid will meet with Mrs. Emma Bruhn, Thursday, July 11.

On the morning of July 4 was seen a four horse team wending its way up Milton hill hitched to a wagon with a hay rack not full of hay but I. O. G. T's. O what a merry crowd.

The dry weather and hot winds are doing a deal of damage to the berry crop.

The little girls who bought tin horns on the Fourth play with them yet.

PROGRESS ON THE ELECTRIC ROAD

Promoters Are in the East, Buying Material and Cars for the Line—Beloit Holding Out.

H. H. Jackson of Chicago, the engineer for the Beloit, Delavan Lake and Janesville Electric line arrived in the city last evening for a short stay. As yet no work is being done on the construction of the road. The promoters of the enterprise are still in the East buying material and cars for the line and perfecting the organization of the company.

The specifications for the work are about ready for the contractors and the contracts for doing the work will be let during the next few weeks.

Beloit is still holding out on the changing of the rail to be used by the company from a flange to a tee rail and also on extending the length of the franchise to fifty years. There are still one or two people on the right of way between Janesville and Beloit who are holding out for a large amount of damages for a right of way through their property. When these small matters are settled the company will be in a position to go on with the construction of the line.

Mr. Clough and Mr. Hill are expected to be in this part of the country next week and will begin active work on the line.

OUTLOOK FINE FOR GOLF TOURNAMENT

Golfers From All the Clubs in the State Will Take Part Next Week.

The Mississippi Golf Club are making active preparations for the state tournament which will be held on the grounds of the club on Thursday, Friday and Saturday of next week.

It is now an assured fact that golfers from all of the important clubs in the state will take part in the tournament. Secretary Baker is daily in receipt of letters asking for information in regard to the events, and is kept busy sending out circulars giving the demand for information.

A letter was received yesterday from the secretary of the Kenosha Golf club, entering C. C. Allen, Fred Pettitt, Chester Barnes, G. A. Yule, W. H. Yule, Col. Aiken, Wm. Cantwell and Mr. Cavanaugh, president of the club in the event to take place during the three days. The Kenosha delegation will be accompanied by a number of ladies. Chester Allen, Fred Pettitt and Chester Barnes are among the best players in the state and will be liable to be in at the end of the tourney.

Hamilton Vose of Milwaukee returned home yesterday after a few days' play over the course. He is satisfied that it will be all right for the tournament if the putting greens can be put in fair shape. He thinks that at least ten members of the Milwaukee Country club will come out and compete for the prizes and has promised to do all that he can to get Milwaukee players interested.

The Janesville members are putting in full time practicing for the tourney and hope to be able to keep some of the cups in the club.

Very Low Rates to Boise City, Idaho, Via the North-Western Line. Excursion tickets will be sold at greatly reduced rates, July 17, 18, 19, limited to return until August 31, inclusive, on account of International Mining Congress. Apply to agents Chicago & North-Western R'y.

Epworth League Entertainment

Rev. and Mrs. W. A. Hall will entertain the members of the Epworth League and the young people of the Court Street M. E. church and congregation at the parsonage this evening.

A brief musical and literary program has been arranged for and will be given at eight o'clock. The balance of the evening will be spent in a social manner and light refreshments will be served. All young people of the church and congregation, are invited to be present.

TELEGRAPHIC SERVICE.
The Gazette receives the full daily telegraphic report of the Scripps-McRae

It is to the interests of all land owners that an improvement be made in our laws governing the registering of land titles. We have profited by the Australian ballot system after it was tried in that progressive state—Massachusetts—and we can follow the example of this same state together with Illinois and Minnesota in adopting another Australian idea, the Torrens Land System.

Under the present system, or rather lack of system, it is sometimes difficult to determine just who owns a piece of property, even after a most diligent and expensive search.

Under the Torrens system a careful search is made at a slight expense and a certificate is issued by the state guaranteeing the title to the owner. This transaction ends the trouble for all time.

If the property changes hands or is mortgaged ever so many times, the transactions are simply entered on the certificate which therefore presents a complete history of the property for all time. The usefulness of the system is shown by the willingness with which banks and other money lenders make loans on the record of a certificate, thus saving costly searches for both parties.

This new system has much to commend it to real estate men, and few defects, if any, to hinder its passage as a law.

SENATOR WHITEHEAD.

Senator Whitehead needs no apologies from the State Journal, or any other half breed organ. While he stood ready, as did many of his colleagues, to meet the governor on any reasonable proposition in the interests of harmony and party welfare, he was never ready to sacrifice his manhood or his honest convictions to the will and dictation of a demagogue.

Governor La Follette has yet to learn that office does not add to a man's stature, and that there are several men in the state of the Whitehead class, that can neither be bulldozed nor intimidated.

Sepator Whitehead is not an impulsive man, and is not governed by erratic emotions. He has a mind of his own, however, and when his decisions are formed, they are usually final.

If the governor had shown any disposition to consult anybody but his henchmen, he would have found Mr. Whitehead a ready listener and a conservative, level headed advisor. This was not a part of his program, and if he could not dictate he was ready to ruin.

He deliberately abandoned the best opportunity that a man ever had to bring harmony out of discord, and added insult to injury by a message that measured the size of the man. Mr. Whitehead, like a host of consistent republicans, is not in sympathy with the man or his reform measures.

If Mr. McKinley will only maintain the standard set by Mr. Eckels and Mr. Dawes the financial world will be abundantly satisfied.

Frederic Harrison, Chicago, the English essayist, says Chicago will soon surpass New York as an ocean port.

The prediction is based on the apparent success of the new line of steamers now plying between Chicago and Liverpool, Antwerp and London via the Great Lakes, the St. Lawrence and the ocean. Mr. Harrison's forecast must be accepted in general, however. Many improvements in the way of deeper waterways and longer locks must be made before Chicago people can welcome ocean liners. While the vessels of the new Chicago-European line are staunch and seaworthy, they are small as compared with the average ocean-going craft, yet they cannot be loaded to their full capacity until the salt water is reached. Western people would be glad to see Mr. Harrison's prophecy fulfilled, but it is not a possibility at the present time.

Next year Emperor Francis Joseph is to be crowned king of Bohemia, recognizing at last the victory of the Czechs in their struggle for equality. Of course, there is really no bond of union between the members of the triple-empire except the bond of love and respect the subjects have for their ruler.

It is one of the most remarkable

facts, as well as the crowning proof of his ability, that this old emperor is capable of ruling harmoniously a country geographically and politically split into several hostile communities, different in religion, language and customs.

Harvard has honored the German ambassador with the degree of L. L. D., and in the bestowal, an expression of friendship marked the occasion as significant.

President Elliott characterized the candidate as "Theodor von Holleben, Ambassador of the sound and lusty German empire, representative of an ancient people whose racial and institutional roots are intertwined with our own." In his reply the ambassador gave expression to the following: "My fatherland brings you something more than books and learning; it sends you first of all, good will and friendship. All Germany feels that the two great branches of the Teutonic races belong together."

These sentiments of international regard are probably experienced by the two nations just as truly as by these two individual representatives.

If Sunday base ball is wrong, then Sunday golf is also wrong. There should be no distinctions between the games. The man who wants to see a ball game has the same God-given rights as the man who likes to "tee off."

Terry McGovern occupied one of the "pay chairs" in New York yesterday, but he was not compelled to pay. He refused to put up cash, and no one wanted to "take it out of his hide."

The track at the fair grounds has been the scene of many scorching heats, but none equalled the pace set by yesterday's fire.

Of course all is harmony among Ohio democrats because Tom Johnson had his way.

The Younger Brothers have been released, but Jesse James will not join them in another raid.

The sultan evidently intends another raid; he has paid part of the last indemnity.

Shot by Unknown Assassin.

St. Joseph, Mich., July 12.—Driving through his fields on the top of a load of rye at noon, Peter Smith, the most prominent farmer of the Bainbridge district, fifteen miles northeast of this city, was shot and killed, it is alleged, by a neighbor with whom he had quarreled. The man suspected of having committed the deed was seen crossing a near-by field with a shotgun tossed upon his back. The assassin was hidden behind a stack of rye, while along the road his intended victim was driving, all unconscious of the fate awaiting him. When the shot was fired Smith tumbled from the wagon and landed only a few rods from the feet of his slayer.

Perfect Becomes Blind.
Cardinal Ledochowski, the prefect of the Propaganda Fide, had become completely blind. The pope at first refused to believe the diagnosis made by the physicians and sent his own oculist, Professor Martini, to see the cardinal. After a prolonged examination Dr. Martini declared that the operation which had been suggested would be useless, as the cardinal's optic nerves were permanently paralyzed.

Street Skirts Shorter.
When you see a cloth costume worn on the street, the skirt which trails upon the sidewalk several inches, you may conclude it is a new suit, that the tailor does not keep up with the best and latest modishness. Smartly made street skirts are long, but in comparison to what was worn last year they have been very much shortened, and can now be held up with great ease.—When in Vogue.

FAMILY IS CHARTERED.

The Members of a New Jersey Household Incorporated.
New York, July 12.—The Hyde family of Plainfield, N. J., has incorporated itself. Hereafter the \$3,000,000 estate left by Charles Hyde will be known as the Union County Investment company, with his widow, his four sons and his daughter as the six stockholders. There will be a paidup capital of \$300,000, the wife owning 565 shares and the five children 487 shares each, each worth \$100 par.

Hyde Died in June.
Mr. Hyde died on June 12 last. He bequeathed his large estate to his widow, Elizabeth Keppeler Hyde, his four sons—Dorsey W. Hyde, Francis Delacy Hyde, Lewis K. Hyde and Charles Hyde, Jr.—and his only daughter, Miss Edith Hyde. Much of the estate is in land around Plainfield, as well as oil wells and building properties at Titusville, Pa., where Mr. Hyde laid the foundations of his fortunes. Besides, he owned two tanks in Titusville and numerous railway shares, including practically all of the New Orleans & Northwestern railroad. To charity he left \$100,000.

Miss Hyde, who has hitherto devoted herself to society, now becomes a director in this family corporation. It is chartered to deal in stocks, bonds and mortgages, convey real estate and invest in gas, water and railroad securities.

Young Francis Delacy Hyde, a graduate of Yale, is named as president of the company and his brother, Louis, is secretary. Both now live in Titusville.

Will Sell Real Estate.
For the present the only transactions will be in the sale of lots around Plainfield. The corporation is the first of the kind in New Jersey. There have been several in New York.

Mr. Hyde was nearly 80 when he died. He retired from active business in 1869 when he left Titusville to live in Plainfield.

The Blood HEALTHY OR DISEASED

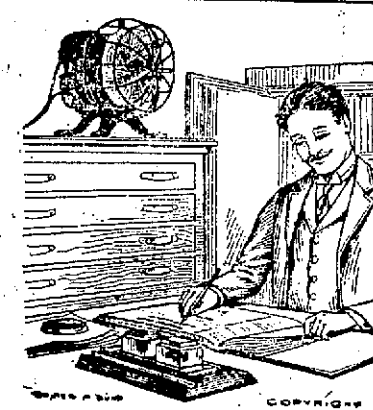

When there is a natural and healthy circulation of the blood, the entire quantity, estimated at one-eighth the weight of the body, passes through the heart every five minutes. This rapid flow of the blood through the system prevents the entrance of disease germs and impurities of every description. It filters out all that is not necessary or good for the growth and development of the body and nourishing and strengthening the muscles, tissues, nerves and bones. But, unfortunately, few persons can rightly claim an absolutely pure blood supply and perfect and unpolluted circulation, and in consequence are exposed to innumerable diseases. Contagious Blood Poison, the greatest enemy to mankind, enters the system through the blood, and Cancer, Scrofula, Rheumatism, Catarrh, Eczema, Salt Rheum, Psoriasis, Tetters—in fact the majority of human ailments—are caused by poisons or humors that are engendered and fostered in a sluggish and impoverished blood.

The Blood is the Source of All Strength

Sores, chronic ulcers and rheumatic pains are common, especially among old people, whose blood naturally grows thin and pale because of the lack of the red corpuscles that give color and strength to youthful blood. Sallow complexions and rough, oily skins evidence some constitutional or blood trouble, which salves, lotions, powders nor any external treatment can cure. Diseases that originate in the blood, whether they manifest themselves as ulcers, tumors, itching eruptions, muscular or bone pains, require a tonic and blood purifier such as S. S. S., which not only antitoxins and neutralizes blood poisons and humors, but possesses health-giving tonic properties that no other blood medicine does. It goes down to the very foundation of the disease and eliminates from the system everything of a poisonous character or that obstructs and clogs the circulation. It builds up and imparts new strength and vitality to the old, unwholesome blood, and when the arteries and veins are once more filled with new rich blood, the general health begins to improve, muscles grow stronger, and sores and eruptions of every kind disappear.

S. S. S. is the only guaranteed purely vegetable blood purifier, and the purest and most reliable in all blood diseases. It has been tested in thousands of cases during the past fifty years and is more popular today than ever. We will be glad to send you our book free, and if in need of medical advice write our physicians all about your case; this information will cost you nothing and comes from experienced and educated doctors. All correspondence is conducted in strictest confidence.

Shakespeare's Birthday Celebrated.
The German Shakespeare gesellschaft celebrated the birthday of the great English poet at Weimar with all the customary enthusiasm. Herr Von Possart, the manager of the Bavarian court theater at Munich, gave a lecture upon "Shakespeare's time, which was illustrated with a model of the primitive Elizabethan stage. The meeting, at which several English and American guests were present, was presided over by the venerable Dr. Oschelsauser, one of the founders of the society, who is now in his eighty-first year.

M. B. CLARK, ALIAS JAMES MULHALL

ROCK RIVER CREAMERY COMPANY SWINDLER UNEARTHED.

He Was a Notorious Crook, and is Now Under Arrest in New York City—He Got in the Neighborhood of \$10,000 While Operating in Janesville.

It is now pretty well settled that M. B. Clark who posed as president of the defunct Rock River Creamery company and who suddenly left the city owing debts amounting to nearly \$10,000 was no other than James Mulhall, the notorious commission crook, now under arrest in New York City.

He was arrested on June 26 in New York by Detective McConville, and P. O. Inspector Sullivan for using the United States mails for fraudulent purposes. He was taken before U. S. Commissioner Shields and held from trial under \$1,000 bonds.

He has operated swindling deals all over the country under the name of James Mulhall & Co., of Chicago, W. H. Thomas and St. Joseph Produce Co., St. Joseph, Mo.; M. J. Mitchell & Co., Chicago; W. E. Reid & Co., La Crosse, Wis.; James D. Salmon, New York City; Davis & Turner of Philadelphia. He bought and operated for three weeks The Merchant Produce Company of Denver, Col.

His plan of operating was to go into a place, buy out an established business whose reputation for prompt payment was the best. He then flooded the country with circular letters, making high quotations. This was a tempting bait to the farmers and produce poured in from all sides. After making a few payments he would get a large amount of stuff on hand which he would ship to market, get the money and skip out, leaving his customers in the lurch.

Mulhall first started in life as a bartender at the old Commercial hotel in Chicago. It was there E. V. McConkey picked him up. At that time McConkey was operating at 212 West Randolph street place under the name of W. R. Bayleat & Co., shortly afterwards the firm name was changed to James O. Mulhall & Co. Shippers closing in on them they were obliged to change their name. The swindler was kept up under the new name until it got too hot for them and they changed to W. J. Mitchell & Co. where they continued the business until Mulhall alias Mitchell was arrested for stealing \$580 worth of butter from Tugira Bros, Fertig & Co., of Arcadia, Wis.

After this he started to do the country and was next heard of at St. Joseph, Mo., where he opened the St. Joseph Produce Company. He was exposed by the newspapers and skipped taking \$5,000 with him. He next appeared at LaCrosse, Wis., and left owing the egg shippers several thousand dollars.

They struck Janesville about the first of April where they were known as the Rock River Creamery Company and rented the Koster warehouse near the Northwestern freight station. They gave out that they paid the highest price for butter and eggs and produce and flooded the country with circulars, as in other places where they had operated giving high prices.

They also claimed to operate a butter processing plant whereby state creamery butter was re-worked and made into first-class butter. The firm did a first-class business for a while at suddenly jumped the town, leaving creditors in all directions throughout the state, who had been caught by their high price circulars. Although active search was made for them no trace of their whereabouts was found.

A law firm in this city who had a number of claims against the firm, lately received a description of Mulhall which answered to that of M. B. Clark. The authorities asked if something was not left behind which could be used to identify Clark with the man in custody in New York.

A search was made and in the inside pocket of a vest left by J. J. Clark, the secretary at Smith's hotel was found a whole bunch of Davis & Turner, Philadelphia, business cards. These were forwarded to the authorities who have since notified the law firm that there is no question but that M. B. Clark and J. B. Mulhall are one and the same the law firm that M. B. Clark and J. person. He is now liable to get his just deserts for his numerous swindling schemes.

The Chicago Packer, a newspaper published in Chicago in the interests of the produce business has been instrumental in running down and exposing Mulhall and his pals.

His clean up in this city was made in short order and was about as large as any that he has made.

Francis Murphy League.

The quarterly meeting of the Francis Murphy Temperance League, to which the public, ladies as well as men, are invited, will be held Sunday afternoon at 3 o'clock, at the Y. M. C. A. auditorium. There will be splendid speeches and music. Rev. S. G. Huey of Rock Prairie, will be the principal speaker, and will give one of his rousing temperance talks. The male quartet and the Y. M. C. THE WEDDING WAS A SWELL AFFAIR

Roy A. Sanborn Happily Married at Richland Center Last Evening to Miss Lurine Freeborn.

Roy A. Sanborn, eldest son of Mr. and Mrs. C. A. Sanborn of this city was happily married last evening at Richland Center, the bride being Miss Lurine Freeborn of that city. The groom's parents, Mr. and Mrs. C. A. Sanborn, his grandmother, Mrs. A. D. Sanborn and his brother, Lawrence Sanborn, of this city, attended the wedding which was a very swell affair, although the guests were limited to the relatives and a few intimate friends.

The ceremony was solemnized at the home of the bride's mother, at seven o'clock, the bridal party entering the flower decked parlor and taking their place in front of a beautiful bank of foliage and flowers to the strains of the wedding march played by one of the bride's friends. The bride was accompanied by her friend Miss Phillips, of Richland Center, and the groom's attendant was Melvin Sater of Madison.

The beautiful marriage ceremony was all the more impressive because the words which made the young people man and wife were spoken by Rev. Spiker, a former pastor of the Congregational church and the aged grandfather of the bride. After the ceremony an elaborate wedding banquet was served, exquisite music being furnished by an orchestra.

The bride is an only daughter, and is a handsome and accomplished young woman who is a great favorite not only at her home but in the University of Wisconsin society circles. She is prominent in the Gamma Phi Beta society of which she is a leading member.

The groom is a graduate from the University of Wisconsin in this year's class and was prominent in the Phi Gamma Delta fraternity. He graduated from the Janesville High school in the class of '96 and remained at home a year before entering the university where he has taken a course in electrical engineering. His work in this department has been of the highest order and has won recognition from his instructors and from large construction firms in whose employ Mr. Sanborn has spent his summer vacations. He is a young man of high character and genial personality and the future can bring no happiness or success to himself and his bride which his many friends will not deem deserved.

Mr. Sanborn expects to enter the employ of the Western Bros., a large construction firm, of Chicago, but until the arrangements are completed he and his bride will remain at Madison.

Chicago Doctors ARE MUCH PLEASED

The Chicago physicians who visited the Burr Lithia Springs yesterday afternoon under the leadership of F. J. Tucker returned home last evening. They were all highly pleased with the property and water and were favorably impressed with the idea of a sanitarium located on the property.

They returned from the Springs about six o'clock and were driven to the Grand hotel where a banquet arranged by the local physicians was served. They left the city for Chicago over the Janesville & Southeastern at 7:15 and were given a fast ride, the run being made in two hours and five minutes. The special was in charge of Assistant General Passenger agent A. F. Merrill of Chicago who did all in his power to make the trip a success.

The special bearing the doctors was donated by the St. Paul road and the business men's special will be given by the Northwestern.

City Engineer Kerch is today making a survey for the purpose of locating the place where the base of the Soldiers' Monument is to be located. It is expected that the work on the foundation will be begun at once. The monument itself will be completed and in position before the cold weather sets in.

We placed on sale today a big line of men's fine shoes at 75 cents. Worth \$2. The Fair.

News of a Personal Nature

Sanford Soverhill left this morning for a few days' stay at Lake Kegonsa.

Dr. H. B. Anderson of Orfordville was in the city yesterday on business.

P. J. Monat and family left this morning for their summer home at Lake Geneva.

J. L. Ford is home from Geneva Lake where he has been spending the past week.

F. W. Coon of Edgerton, editor of the Wisconsin Tobacco Reporter, was for Madison on legal business.

There will be a meeting of the directors of the Mississippi Golf club at J. P. Baker's store this evening.

Miss Helen Kelly of Rockford, formerly of this city, is the guest of Mr. and Mrs. George Thomas.

Miss Laura Barber of Lancaster, Wis., is visiting her cousins, the Misses Farnsworth, 207 South Jackson street.

Mrs. R. M. Vaughan will go to Watons tomorrow, to visit relatives for some time.

Supervisor F. F. Livermors of Beloit had business at the county clerk's office today.

Misses Margie and Lillie Hoffmann, who have been visiting their cousin, Miss Lillian Bourgmyer, have returned to their home in Jennings, La.

Charles Young is nursing a badly bruised hand caused by catching it between a hose coupling and the wagon while at the fire yesterday.

Miss Genevieve Tutbill and Miss Mary McKee are the guests of their aunt, Mrs. F. F. Stevens, 106 Park Place.

Mrs. Affelt of Milwaukee and Mrs. Kurth of South Milwaukee are visiting in the city the guests of Mr. and Mrs. Carl Brockhaus at their South Main street home.

During this week Mrs. Eliza Farnsworth has had the pleasure of entertaining her nephew, Maj. George Barnett of the United States Navy, recently of the South Atlantic squadron. Maj. Barnett has served in the navy several years and has finished his cruising service. He has been stationed at West Point for the summer and was on his way to his new station from Boscobel, Wis., where he has been visiting his mother for the past month.

NARROW ESCAPE OF PARK HOUSE 'BUS

The Park House bus had a narrow escape from being demolished by the cars while crossing the tracks at Academy street this morning. The driver started for the hotel from the 10:35 St. Paul train which was standing at the platform. He drove around in front of the engine onto the Northwestern tracks on which a freight train was being backed down from the yards.

About this time the gateman began to drop the gates and had the bus panned in between the tracks and the gates. The gateman seeing the position the bus was in raised the gates and allowed it to pass off of the tracks just as the caboose passed. The train did not miss the hind wheels of the bus by more than two inches.

Some day under the existing conditions at Academy street some one will be badly hurt and then steps will be taken to provide greater safety for foot passengers and vehicles.

Come and take away a suit of underwear at 39c each. Tomorrow. Amos Rehberg & Co.

COOLEST PLACE IN TOWN

Palace of Sweets Doing Excellent Business These Hot Days

Electric fans and a cool breeze blowing from off the river makes the Palace of Sweets restaurant on the bridge, a most inviting place these hot days. Ice cream patrons have been numerous this week at the Palace of Sweets, the ice cream parlors being a special feature of this restaurant. Home made candies prepared fresh daily is another feature and most tempting are these sweet meats. Since removing to Janesville the Palace of Sweets have enjoyed on excellent business.

Five Will Lose Their Arms.

Kokomo, Ind., July 12.—Breaking glass at the plate glass works here inflicted terrible injuries on five of the ten men who were carrying the sheet upright from the annealing oven to the grinding table. The injured are: Herman Meyer, Anthony McHale, William Abney, William Van Ryn. The plate, which measured 122 by 190 inches and weighed 2,200 pounds, broke and came showering down on the heads and shoulders of the workmen. The victims' scalps were cut from side to side and the flesh was literally scraped from the bones of their shoulders and arms. All five will lose their arms if not their lives.

Over 1,000 Lepers in the U. S.
Washington, July 12.—The surgeon general of the Marine hospital service is not ready to publish the results thus far obtained under his direction in the attempt to enumerate the known cases of leprosy in the United States, for the returns are far from complete. But sufficient material has already been secured by the experts who have been investigating for the last two years to indicate that there are at least 1,000 lepers in this country, most of them immigrants from abroad, and to warrant strong recommendations to Congress for their segregation.

Trial Over the Telephone.
Bangor, Me., July 12.—William Wilkinson, Uncle Tom, and William Smith, Lawyer Marks, of an "Uncle Tom's Cabin" company, arrived here on a train from Old Town under arrest. They were due to play in Bucksport in four hours and were also to be tried in Old Town. It was suggested that they be tried by telephone, which was done, the actors entering pleas over the wire. They were fined for disorderly conduct, the money was paid, and Bucksport saw "Uncle Tom's Cabin" on time.

Dies in Frightful Agony.
Milwaukee, Wis., July 12.—Four-year-old Josie Altmore died in frightful agony. She was playing beside a bonfire last night when her dress caught fire. She lives in an Italian-Italian neighborhood in the Third ward. The Italians say that a boy named Eddie Murray deliberately set fire to the little girl's dress, while the Irish insist that he was the one who worked hard to save her. The coroner will investigate.

Death Doom Affirmed.
Buffalo, N. Y., July 12.—Justice White, in special term, denied a motion for a new trial in the case of Frank Wennerholm, who was convicted of murder in the first degree a year ago for killing Emily Adolphson at Falconer, Chautauque County. There can be no appeal from Justice White's decision and Wennerholm will be executed in the week beginning July 15, unless Governor Odell intervenes.

Takes Ajax as His Model.
Crisfield, Md., July 12.—Philip Walls got drunk during a thunderstorm and conceived the fantastic idea that he could defy the lightning. He borrowed a lightning rod and attached it to his head and sought an open field. As he was passing a big tree for the third or fourth time a bolt hit it and tore it to pieces. One of the flying fragments struck Walls on the head. He was badly hurt, but will be well.

One New Director Chosen.
San Francisco, July 12.—At the annual meeting of the Occidental and Oriental Steamship company the following directors were elected for the ensuing year: Charles M. Hays, Horace G. Burt, H. E. Huntington, R. P. Schwerin, and D. W. Hitchcock. The only change in the personnel of the board was made by the election of C. M. Hays in place of J. C. Stubbs.

General Wood Better.
Washington, July 12.—The following telegram concerning the condition of Brigadier General Leonard Wood, has been received at the War Department from Captain Scott, Adjutant General of the Department of Cuba: "General's condition improving. He personally remarked to Major Laine that he has not felt so well in some time as today."

THE FIRE RECORD.

Huntsville Is Flame-Swept.
Quincy, Ill., July 12.—Fire destroyed the business portion of Huntsville, a village in Schuyler county. Four stores, a blacksmith shop, and five residences were burned. The total loss is \$20,000; partially insured.

Ten Loaded Cars Burn.
Delphos, Ohio, July 12.—Fire broke out in the yards of the St. Louis and Western Railroad by a lamp being overturned in a caboose. Ten cars burned containing baled cotton and wood pulp.

Fire Causes \$40,000 Loss.
Terre Haute, Ind., July 12.—Fire totally destroyed the plant of the Wash Cooperage Company on the river front. The loss is \$40,000, partly insured.

Rival Shot for Carriage.
Memphis, Tenn., July 12.—A. H. Palmer, a civil engineer in charge of construction work of the Illinois Central railroad in Mississippi, and William Nolan, a locomotive engineer, have been desperately in love with the pretty telegraph operator at Anding, Miss. Last evening Palmer cursed in the presence of the young woman and was shot and killed by Nolan, who has escaped. Palmer is from Chicago.

Constable Ends His Life.
Peoria, Ill., July 12.—Shouting "Good-by, mamma," Robert C. White, who was elected constable last April, sent a bullet crashing through his brain, dying instantly. He was 39 years old and leaves a widow and two children. He had been on a two days' drunk. He was a son-in-law of former Sheriff Stalter of Tazewell county.

Mrs. Jefferson Davis's Ill.
Portland, Me., July 12.—Mrs. Jefferson Davis, widow of the former President of the Confederacy, is ill at the Columbia Hotel in this city, where she came a few days ago to spend the summer.

Passenger Killed in Wreck.
City of Mexico, July 12.—An attempt was made to ditch and rob a train on the Vera Cruz and Pacific Railway. Several passengers were killed.

F. B. Thurber Bankrupt.
New York, July 12.—Francis R. Thurber of 145 Chambers street and 90 West Broadway has filed a petition in bankruptcy, with total liabilities of \$315,061, of which there is secured on nominal security \$126,814; unsecured, \$188,247. The nominal assets are \$876,414. The indebtedness was incurred chiefly previous to 1894.

Two Killed by Falling.
Chicago, July 12.—With a cake of ice on his shoulder shutting off his view, Albert Bergeron, 40 years old, stepped into an elevator shaft on the third floor of the building at 180-182 Monroe and was instantly killed. Patrick Neveck of South Chicago fell from a hatchway at the Illinois Steel building and was killed.

WHAT THE CHINESE SAY
Interesting Conversation in Relation to the Riverside Laundry.

"Melican gal she knock Sing Lee no good. Me no kin washee allee samee Laundry. No try; me go back my China and die." Even the Chinese admit that the Riverside Steam Laundry does the best laundry work and why wouldn't they. The Riverside has no equal in this portion of the state. No expense has been spared by the management to install the latest machinery. Here also only expert hand ironers are employed. When you send your work to the Riverside laundry you know that your laundry will receive the best of care.

ELKS CARNIVAL AT MILWAUKEE JULY 23

Promises To Be Most Brilliant Event in the History of the Cream City—The Program.

Milwaukee, July 12.—This city will become the property of the Benevolent and Protective Order of Elks the morning of July 23 and will continue as such for the space of three merry days. The mayor and the chief of police will abdicate most of the municipal ordinances will be repealed temporarily, and there will be glad hands galore, and to quote the purple-backed invitation pamphlet just issued, "The doors will be taken off the hinges and stored away in the attic." Before the carnival and grand lodge reunion is over there will be more than one thing to make Milwaukee famous.

It may be written down as reasonably sure that the gentlemen who constitute the organization's membership are facing about the most joyous time that has been arranged for them in any hamlet where they have gathered in the last score of years. Besides the program, which is about the best thing of its kind extant, there will be a thousand features of the sort Elks like the most, not the least of which will be the Milwaukee spirit of good fellowship, which is just now running at high tide. Every man in the order will be entertained like a potentate. Milwaukee intends to flatter herself after the thing is over that hereafter everything in the domain of Elks will be dated from Milwaukee reunion.

Speeches on the Program.
Of course there will have to be a certain number of speeches and a number of formalities about which no one will care, but the men who are arranging that fete have cut that sort of thing to the minimum. They have gone after red fire, parades and music, excursions and contests. The three days will be filled with excitement. The three nights ditto.

The affair will start on the morning of July 23 with an address in the Pabst Theater by Charles H. Hamilton, master of ceremonies. By that time the Elks from Coney Island to the Presidio will be in town greeting old friends and making new ones. After Mr. Hamilton finishes Mayor Rose will talk and Edwin B. Hays of Washington, D. C., will talk back. There will be music by the Lyric Glee Club and by Mrs. Clara Hague of Jackson, Mich. After dinner the crowd will follow the military and civic parade to Juneau Park, where the Elks' fountain will be unveiled. Mayor Rose will respond to the dedicatory address by John F. Donovan, who will represent Milwaukee Lodge No. 48, under whose auspices the exercises are to be held.

Prizes at Grand Parade.
In the evening at Whitefish bay there will be a band contest for which \$1,750 is hung up. The next morning a trolley excursion to Waukegan for women is scheduled. In addition to band concerts at Juneau Park and in the court of honor.

At 3 o'clock in the afternoon will begin the event for which every right-minded Elk in this country has been preparing for weeks. This is the monster parade with prizes of \$1,000, \$750 and \$500, the determining points being general appearance and bearing, originality of costumes and number in line. There are individual prizes too. The tallest Elk in the parade will get 50 cents for every inch of his height; the shortest will get 75 cents. The heaviest Elk will be awarded 12½ cents per pound on hoof and the lightest will get 25 cents on hoof. The Elk who travels the longest distance has a jeweled insignia coming to him. There are many minor prizes besides these.

After a drill by the fire department in the evening for the benefit of the brethren from the provinces, there will be a band concert and drill contest at Schlitz park. Next comes the ghost parade. This unique performance is scheduled to start at midnight's yawning hour, of course, and it will be participated in only by those thoroughly imbued with the spirit. The regulation costume consists of white shroud with black skull and cross bones and the prizes are many and varied.

For the third day there is an excursion for women on the steamer Nyack, a band contest wherein each band must play "A Hot Time in the Old Town Tonight," and "Prince of Good Fellows," the carnival parade and "Fun on the Corso," in which confetti throwing will be permitted between 1:30 and 6 o'clock. The reunion will have an appropriate finish Thursday evening in the grand promenade for Elks and their ladies, which will take place at the court of honor, and the ball at the Exposition building. This last event will be elaborate and a fitting finale to the festivities.

Special Train Excursion to Geneva.
Lake via C. M. & St. P. Ry.
Wednesday, July 17th via Walworth Electric line and steamers under auspices of the Congregational, Baptist, Presbyterian and Methodist Sunday schools, special train will leave at 8 a. m. over the new line of C. M. & St. P. Ry. Returning leaves Walworth at 6:15 p. m. Rate for the round trip only 75 cents.

Lake Geneva.
Remember the excursion to this beautiful resort Tuesday, July 16. Round trip only \$1.00. Leave Janesville at 7:40 a. m., arrive at Lake Geneva 9:30 a. m., Williams Bay at 9:45 a. m. Returning leave Williams Bay at 5:40 p. m., Lake Geneva at 5:50 p. m. For tickets and information apply to agents C. & N. W. Ry.

LEYDEN.
Leyden, July 11.—We have the same dry song to sing. A very hot, dry southwest wind has been blowing for two days and a strong north west wind the three previous days. A light sprinkle of rain fell Monday night, but was but little heavier than a dew. All crops are drying up

under the strong hot wind. Pastures, except on marshes are entirely dried out and even the marshes are drying. Grass is short and poor. The tobacco acreage is very much smaller on account of the drought.

The new train service is very satisfactory at Leyden. In fact, the service is much ahead of the business. North bound passenger trains stop at Leyden, 6:10 a. m. and 7:15 p. m. South bound, 9:49 a. m. and 3:57 p. m., except Sundays, when one south bound train stops only at 9:48 a. m.

Many of the farmers are haying. The hay is very light, being next to no yield at all.

The grain is not filling on account of the drought.

Conrad Hanson and E. R. Shaw went to Janesville Monday.

Mr. Harley G. Waterman now night operator at Janesville Junction, is visiting here today.

Business is a little slow in our town at present.

Donkle and Shaw are building a coal shed near the stock yards to be used for both hard and soft coal.

CAINVILLE.

Cainville, July 11.—Mrs. Myrtle Burr of Lancaster and Mrs. Edith Whaley of Beloit are visiting with their mother, Mrs. Whitney.

Mr. and Mrs. G. Worthing of Chicago who have been visiting relatives here for a few days returned home Tuesday.

Oscar Townsend, who has been working in Orfordville for a year has taken a couple of weeks' vacation.

Ray Collins we understand is working as night operator at Capron.

George Baker is working for the C. & N. W. Ry. at Leyden, drilling a well there.

Lake Geneva.

A first-class personally conducted excursion to the beautiful resort on Tuesday, July 16. Round trip only \$1.00. Leave Jefferson 6:44 a. m., Fort Atkinson, 6:55 a. m., Koshkonong 7:06 a. m., Milton Junction, 7:14 a. m., Beloit 7:30 a. m., Janesville, 7:40 a. m. Arrive at Lake Geneva 9:30 a. m., Williams Bay 9:35 a. m. Returning leave Williams Bay 5:40 p. m., Lake Geneva 5:50 p. m.

For tickets and full information apply to agents Chicago & Northwestern railway or to C. H. Tinkham, excursion agent room 1-22, Fifth Ave., Chicago, Ill.

Half the ills that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach, makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eucalyptic Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Itching piles? Never mind! if physicians have failed to cure you, Try Doan's Ointment. No failure there. 50 cent, at any drug store.

Train Robbers Are Cornered.

St. Paul, Minn., July 12.—A Helena (Mont.) special to the Dispatch says: Reports have reached here that the Great Northern express robbers have been surrounded on People's creek, south of the Little Rockies, with seven men guarding them awaiting the arrival of Sheriff Griffith, who will leave Malta with a posse of forty men this afternoon. It is known that the robbers crossed the Missouri river not far from Peck agency, Montana, Monday evening and that they were riding fresh horses, secured either from relays provided in advance or by theft from the ranges which they passed. From the vicinity of the Belknap agency they headed south and are in a section of country where they can make good time, but still not be far from the security of the mountains. This information seems to indicate that the robbers have some other haven in sight than the "Hole in the Wall" country, having gotten far east of that section. Sheriff Benner of Great Falls has also organized a posse to assist Sheriff Griffith. They left Great Falls this morning and are expert rifle shots and horsemen.

A. H. Davis, who split rails with Lincoln and swapped horses with Grant, died at St. Louis.

SAY STRIKE IS BREAKING UP

Metal Traders' Association Officials
Delare Many Men Seek
Work.

New York, July 12.—It was decided by R. M. Easley, secretary of the National Civic federation, who has been here for several days trying to arbitrate the strike of the machinists, that all attempts at settling the strike through the federation are useless.

At the headquarters of the National Metal Trades association it was said that it was now too late for arbitration and that employers all over the country were getting all the men they wanted. Secretary Devens has received advices from business centers throughout the country saying that the strike was breaking up.

At the Dickson locomotive works in Scranton the men were returning to work without concessions. Between 300 and 400 strikers had just returned to work at Seneca Falls, N. Y. At the works of the Newburg Ice Machine and Engine company, Newburg, strikers were applying for work.

Injunction Against Scatpers.
Cincinnati, O., July 12.—Judge Rufus B. Smith of the Superior court has

granted an injunction against all the ticket scalpers restraining them from purchasing or selling all forms of non-transferable tickets, including Christian Endeavor tickets issued by or reading over the Big Four, Pennsylvania, Baltimore & Ohio, Louisville & Nashville, Cincinnati, Hamilton & Dayton railroads. This action is very important to lines in the east.

Heroic Woman Drops Dead.
Columbia, S. C., July 12.—Mrs. F. V. Huggins of Florence discovered a negro under her bed. She seized the man, and, being a powerful woman, carried him to the piazza, where she screamed for assistance. Mrs. J. J. Ballard, her next-door neighbor, seized a revolver and started to Mrs. Huggins' assistance. As she reached Mrs. Huggins Mrs. Ballard fell dead. The negro escaped.

More Maine Claims.
Washington, D. C., July 12.—Seven claims have been presented to the Spanish treaty claims commission. All grew out of the destruction of the battleship Maine. The petitioners claim \$10,000 each for the deaths of John J. Hardy, Abel Butler, George H. Dierking, John Bookbinder, James C. Clark and Ed. A. Gordon. Otto Rau claims \$10,000 for injuries sustained.

...FOOT LUXURY...

Your Eczema Comes from Bad Blood

Every drop of blood goes through the liver to be purified. A disordered liver can't do the work, and the blood goes on its way loaded with impurities. The system wants to get rid of these impurities. The pores of the skin try to handle the unnatural load. They fail. They become clogged—get irritated—and eruptions appear. No amount of skin washing can cure eczema, blotches and kindred annoyances. Go back to the liver. **Take Dr. Crane's**

Quaker Tonic Tablets

They help the liver, the blood starts right, the kidneys become active, constipation, kidney troubles and backache then disappear. The rest is quick. You're soon well. In all the world no cure so sure.

50 cents a box. \$2.50 for 6 boxes.

For sale by all druggists, or write.
